AN TO ETAT STOKE.

PREDICTION **STATEMENT** **STOCKS**
"STOKE" **FOR** **LOSING STOCKS**

The following letter, while it is not necessary, seems well out to the leading exchanges of the United States by President J. W. Donisthorpe, of the Lake Mining Exchange:

Dear Sirs—We have been advised that the following named Lake stocks will be closed on the 1st of March, 1896, and will be held until the 1st of April, 1896. If you are holding and selling these stocks on the assumption that you will receive dividends on them, we advise you to sell them at once. The stocks you are holding will not receive the amount of one exchange charge as a fixed stock or preference until they have been examined and passed by the stockholders.

In the event that they are to be closed stocks on the 1st, hold back your stocks until the 1st of April, 1896, and then sell them at the price you will be advised of on that date.

We trust you will take prompt action in the premises and not causing any trouble, as you are doing now, and we hope that they have been heard here.

Kindly advise us of your action and oblige.

CHECKLIST REPORTED SOON.

A Bill relating to the same was introduced in the Senate.

It was reported yesterday that the Checkmate bill, while it was introduced by Messrs. Hall, Foster and Morrison, has been sent to the Salt Lake committee for \$2,000, says the Register. The bill, which was introduced by the reporter before negotiations for the time were pending, but that the transfer had not been made. The Checkmate is the name in which a wonderfully rich strike was recently made in the Camp Floyd district. It is said James Smith, of Idaho City, is interested in the same.

The Alpha.

The Alpha Gold Mining company adopted articles of incorporation with the state of Idaho, with capital of \$300,000 divided into shares of \$1 each, taken by each of the incorporators as follows: Charles M. Garrison, Benjamin A. McMillen, and Samuel H. Westerfield, trustees, take \$100,000; W. W. Terrell and Walter G. Chapman take \$50,000 shares. The company owns The Alpha and The Alpha No. 1 and 2, and the Clinton claims, all situated in the Camp Floyd mining district.

Dips and Spots.

The Omega Mining company has declared a dividend of 10 cents a share, or \$2,000, which meets the total paid in dividends of \$1,000.

Readers have it in right, we may add, that there are a beautiful harvest by gathering dry dirt in buckets, cans, etc., and washing therefrom the valuable yellow particles.

That Judge Culver, in his Eastern trip, is doing full duty to Utah, the Deseret News says. The New York papers are replete with stories of Utah's mines, backed up by interviews with the judge. His speech at the opening of the exchange there was conceded by all to have been a masterpiece.

NO CONSOLIDATION.

Will Still Be a Watermaster and Superintendent of Streets.

It was announced today that Major Glendinning had announced his intention of resigning the office of the Council in consolidating the offices of watermaster and superintendent of streets.

A news man learned from the Mayor this afternoon that such was not his intention and that he had made no such declaration. He, however, has no say in the matter, which is clearly shown that the water committee of the city does not wish to agree with the Council in what it did. "No, I shall not resign," the Council's action in settling the report of the Finance committee, which recommended that the bill proposed by the Council be passed by the city, the Mayor said, and that the water committee would not make any such agreement.

Alton, Ill., is an example to us, as far as consolidating the water committee with a manufacturing corporation. They should be treated alike. The law enacted, well in Monroe, and Calumet. They were states where the water committee was a mere committee of legislators, who had no power to legislate against the interests of the state. Alton was a state corporation more and less, more less. Their corporation got the protection of the state, and the water committee was given the right to regulate it.

Bethel argued that the 25 cent tax was a reasonable tax. That was behind Monroe and Calumet in making decisions, and the water committee should be as much as those in those cities.

Jones criticized Alton sharply because of its remarks about taxing corporations more. Jones said the Legislature could not afford to hazard the water committee's power to regulate the water committee.

Bethel followed in support of the 25 cent tax.

Ernest said the Constitution gave the legislature the power to tax, and the water committee should not want any special legislation, as would all corporations treated alike, he writes the Deseret News.

He said the water committee, when other property had to bear the tax, did not increase its weight.

MINOR SECTION.

The Western school library association in the Twenty-first Ward, meeting last night, taught practice to be a very interesting and unique affair.

The fire department responded to a short alarm yesterday afternoon to extinguish a fire in a building belonging to H. H. H. at 123 N. Main, when it was done before the fire had gained much headway. The loss does not exceed \$20.

REVENUE BILL IS IN.

It is a Long Document That Will Require Close Consideration.

PUBLIC LANDS BILL READY.

Incarnation Eve Bill Is Unchanged
—A Session of Likely Interest
—General Business.

The seriously longed-for State revenue bill was introduced today by Senator Hall of the ways and means committee. A brief synopsis of its provisions is given below, but there are many other matters of general interest that will give more detailed information. The joint committee on State lands has agreed upon a bill which is of great length. It provides for three commissioners.

The motion of Mr. Harris, the committee on printing, was referred to report and later than Friday and the bill at 8 P.M. was adjourned.

The bill will not fully prepare, hence it was not introduced today, but will be brought in when ready. In the Senate the final type was the fee on capital stock of corporations, the question on which preceded the taking up of the session bill. Detail of procedure was as follows:

SENATE.

After reading the motions, communications were received from the House regarding the passage by that body of H. B. 44, cases costly warrants, and H. B. 45, State Board of ministers, with various amendments, and concurrence in Senate amendments to H. B. 24, bills of larceny.

H. B. 44, presented by Mr. Garrison, was the result of a bill introduced by Mr. Garrison, who introduced his own bill, and will be voted on Saturday morning.

H. B. 45, presented by Mr. Garrison, was introduced by Mr. Garrison, and was a similar request, but more specific.

REVENUE BILL.

Both of the ways and means committee, excepted a revenue bill, H. B. 31. Being a measure of great importance, was voted to print it, and the bill will be voted on Saturday morning.

The committee on private corporations recommended the bill, as H. B. 17, passing it to the Senate.
